I hate that the poor are the ones most affected by the cuts

I hate the way the rich don't have to pay taxes

Community Projects shouldn't be cut

All children should have the option to go to college when they are older

The bankers should have to pay for what they did.

The government shouldn't be getting paid so much.

There should be more jobs for ordinary people.

I want my children to have a future in this country

I want my children to have a good quality of life in this country

I should be able to afford the basic necessities for my children
e.g. food, heat, housing, clothes, shoes and school.

I want to have a voice and be heard and for what I say and feel to matter and be heard.
